

CampusPay Giving Thermometer

Enable the Giving Thermometer on your donation form to display and track fund goals.

To get started with the Giving Thermometer, first create a new form. Name your form, select the form type, enter a web address and department and scroll to the “Giving Thermometer” section on Step 1: Form Settings.

1. Toggle the Giving Thermometer on.

Giving Thermometer

i You can track donation progress with "Giving thermometer" and get notified via email automatically.

Goal Target Amount

Display progress toward goal to payers?

Display count of donors?

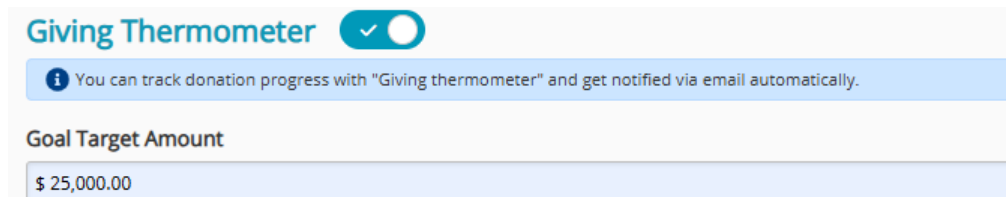

Enable visitors to share via email?

[[form_web_address]]

Please note: [[form_web_address]] will be replaced by actual Web Address.

Notify school admins of progress?

2. Set your Goal Target Amount. Do you want to raise \$1,000 for classroom supplies? \$25,000 for a new fund? Or \$5,500 for a 5th grade field trip?

Giving Thermometer

i You can track donation progress with "Giving thermometer" and get notified via email automatically.

Goal Target Amount

3. Check the boxes you want to display to your users.
 -  Display progress toward goal to payers? This will allow your users to see the progress of the goal in real time on the form.
 -  Display count of donors? Allow your users to see how many people have given to the cause you are hosting.
 -  Enable visitors to share via email? This gives your users the ability to share out the form link to others to help spread the word. You can enter a custom email body to get your users started.
